

America's 911 Foundation

As most of this country is aware, on Friday September 27th Hurricane Helene made land fall as a Category 4 Hurricane. As it burlled through Florida, Georgia, South Carolina, North Carolina, and Tennessee, many people not only lost homes and household items, but many lost family members, friends, and livelihoods.

Although our Foundation was born in 2003, out of our motorcycle ride, we are more than just a motorcycle ride. We are a group of like-minded individuals who are dedicated to supporting first responders and to never forgetting September 11, 2001. Whether it be through our ride, our car shows, our horse races, our golf tournaments, or our disaster relief efforts ... everything we do is to say thank you to those men and women who protect us every day.

Many people don't know that our Foundation partner with law enforcement agencies in times of natural disasters; Two big examples include Hurricane Katrina (2005) and the Joplin Missouri tornado (2011). This year, we are doing the same for Hurricane Helene. Supporters, such as yourself, reached out with the desire to help, and the Foundation has facilitated the creation of 20 different sites across 5 different states: **New Jersey, Ohio, Pennsylvania, Maryland, and Virginia**. We are not only collecting supplies such as water and non-perishables, but we are also taking buckets and boxes for clean-up and recovery. The deadline is October 12th!

This effort could not be what it is without the help of our supporters, so thank you! If you are interested in donating supplies, please visit www.americas911foundation.org to see the list of drop-off sites, but also please consider monetarily donating. Scan the QR code for more.
